### Alpha Chi Logo

*Making Scholarship Effective for Good*

Dear Behrooz,

The faculty of Southern Methodist University invite you to join Alpha Chi, the national college honor society. Because Alpha Chi selects only the top 10 percent of juniors, seniors, and graduate students in all academic fields, this is a prestigious invitation that I strongly encourage you to accept. Alpha Chi, active on more than 300 campuses nationally, is recognized for its commitment to student research and creativity, and our motto is "making scholarship effective for good." I hope you'll research Alpha Chi's website, starting [here](#), to learn more about the ways our chapters put this motto into practice.

Your membership will bring more than national recognition of your academic achievements. As a chapter member, you may apply for regional and national scholarships in annual competitions. Also, hundreds of students each year attend Alpha Chi's annual national convention (most using an Alpha Chi travel grant), to present their work to fellow members and faculty from across the country. Our chapter, Texas Alpha Omega, also has opportunities to be involved with SMU's Engaged Learning office and to participate in service projects, including one in Antigua Guatemala. Many members appreciate the opportunity to publish in or review (graduate members) Alpha Chi's peer-reviewed journal of undergraduate research. Like you, these members view Alpha Chi membership as preparation for success in graduate school and professional life.

Your lifetime dues are only \$90; no other money is ever required. Each member receives a certificate suitable for framing and a lapel pin. In addition, you are eligible to purchase Alpha Chi honor cords for use at ceremonial events. Shortly after the registration deadline, Alpha Chi's national office will send a welcome letter containing details on member benefits. Our chapter will hold a formal induction ceremony on Tuesday, October 24 at 7 p.m. Additional information on the induction will be provided after you accept your invitation. While your presence at the induction ceremony is not required for membership, this event is an

important way to kick off your membership in our local chapter.

I hope we'll be adding your name to the list of more than 450,000 members who have joined Alpha Chi since 1922. So that we can have your certificate and pin in time for the ceremony, accept your invitation (button below) to register by Friday, October 6.

Congratulations on this academic achievement!

Sincerely,

Thomas W. Tunks, Ph.D.  
Sponsor, Texas Alpha Omega chapter of Alpha Chi  
Professor of Music
